Riches Are Within Your Grasp \$1000 In Gold Free
A Simple Idea Wins

Look may have brought riches to a few people, but most people get rich by thinking up ideas and rules for the rest. You may have had this in mind to think up ideas, so did Woolworth and hundreds of others. So when you get rich by thinking up ideas, you can be sure that you are giving \$1000 in gold just to get you to think up a simple idea for us.

You'll have to have a copy of the folder, we'll send you a copy and give you the address of the idea and rules for the contest. Your copy is available at our stores. We have a copy of the folder, Sherman Oaks, the big new community that we are developing on Ventura Boulevard, and Sherman Oaks, and the famous matador picture of Los Angeles. Marvelous growth FREE! It'll help you to come up with some constructive thinking on the idea.

DEATH STILL RIDES GALE

Victims Growing Over Europe

Ruthless Fury of Hurricane Piles Up Beaches With Wrecks of Ships

Belgium and Holland Hit; Heroic Rescues from Waves Abound

LONDON, Nov. 26. (UPI)—The recurring hurricanes which have been encouraging the west coast of Europe with ruthless fury for four days had heaped up tonight an appalling list of marine disaster which involved, perhaps, 100 vessels and the loss of a score of vessels of substantial tonnage.

While the furious gale had moderated considerably in the English Channel and over the French and Spanish littorals, the storm still raged ferociously down the coast of Belgium and the Netherlands. The Belgian lowlands particularly suffered inundations as the sea was driven to by the raging winds, overflowing rivers and breaking down dykes to great stretches of densely populated districts.

In England the lives lost ashore are no great number, but the property damage is great over wide areas. The shipping intelligence

ROMANCE RIDES HIGH FOR PAIR

Licensed Woman Pilot Will Become Bride of Mail Aviator

TRENTON (N. J.) Nov. 26. (UPI)—Miss Florence E. Maddock, New Jersey's only licensed woman pilot, is engaged to marry Amherst Monroe Banks of Texas, who flies the night air mail between Hadley Field and Richmond, Va. Banks was Miss Maddock's first flying instructor.

tonight is full of reports of gallant rescues of mariners from angry seas, of abandoned or sunken ships, of unidentified derelicts, the crew of which may or may not have perished, and of crippled crafts crawling toward a safe anchorage.

HEROIC RESCUE

The finest rescue feat, perhaps, was saving of the crew of the German training ship Pommern. Seventy-nine men including six women were taken off by the German tug Heros, which itself became helpless near the Isle of Guernsey in the English Channel. The Heros fought to reach the men for twenty-four hours. Three men also remained on the distress call, poured oil on the water to aid the rescue. After several attempts a rocket was fired from the Heros, across the Pommern carrying a light line. One by one the men were hauled to safety on the tug along this life line. All were then brought to Plymouth.

British lifeboats between Montrose and Arbroath during the past four days have been launching on thirty-four expeditions and have saved sixty lives from shipwrecks.

The German steamer Flora this afternoon sank the crew of the German steamer Kate Grammensch, which was in a sinking condition and now is derelict in the North Sea.

ALL ABOARD LOST

Many ships have reported officers and seamen washed overboard and lost. An Italian steamer, at first reported to be the Segundo, but later identified as the Segundo, was wrecked and all aboard were believed lost. The Italian tanker Lusitania, which grounded in the Mersey River on Sunday, lost both her rudder and her rudder and was adrift near the bar today. Thus are assisting the tankers.

The exchange of our social and political accomplishments; of our scientific attainments; of our thought, all of those things which contribute to the highest ideals of life, is perhaps of first importance. Each and every one of us has made some of these great contributions to human advance-

ment. The larger exchange and the larger summing up of these contributions become the enduring basis of mutual respect.

The most precious possession of each of us is our love of country; race; our traditions and our institutions. We have in this hemisphere a parallel of states for independence in conflict with man's freedom, the creation of institutions of freedom and liberty which themselves are an imperishable bond."

OUR TRADITIONS
"Each of our nations has developed in its own traditions its own pride of country. Under these great common tasks, that task is the advancement of the welfare of the people of our common countries."

"We are each of us pledged

through the blood of our forefathers to national independence; to self-government; to development of the individual through ordered life; to development of the institutions of our nation.

HEAVY DAMAGE ASKED IN WRECK

Vestriss Owners Sued for
Half-Million

Action Filed in Death of
New York Importer

Limitations Act Will be
Contested by Move

NEW YORK, Nov. 26. (Exclusive)—A suit for \$500,000 against the Lampert & Holt Line, operators of the steamship Vestriss, which sank the 12th Inst., with the loss of 111 lives, was filed in United States District Court late today for the administrator of Isaac Nahem, New York importer and one of the victims of the wreck off the Virginia Capes.

The suit was being filed at the instance of the United States Commissioners O'Neill additional evidence of mutiny among the sinking liner's "black gang" was spread upon the record by Reginald Dixon, night engineer, and for the first time it was disclosed that Capt. W. J. Carey, forty minutes after broadcasting a belated SOS, spurned proffered assistance from the White Star liner Cedric only 180 miles away.

REFUSES LINER'S AID
"Thanks, don't need your help, proceed, Carey," was the message that flashed across the sea, according to John Smith of the Marconi International Marine Communication Company, Ltd., testifying this afternoon. "The North German Lloyd liner, Berlin, no farther away than the Cedric, was asked to stand by and she brought twenty-three miles to the rescue.

Dixon testified that the fire in the center of the boiler had gone out at about 9 a.m. Sunday because the firemen refused to work in that watertight room below decks any longer. Chief Engineer James A. Adams, who was on duty, told Capt. Carey that the firemen refused to fire the center boiler, "said Dixon to the captain. The captain went with me along the deck to the firemen and said to them, 'For God's sake, go down and lend a hand below!'

STOKERS CLIMB OUT
"They went down, all right. They went to the engine room and climbed right up to the stoke hold and then out again on the hold deck," he said.

This testimony came immediately after Joseph Garner, negro coal trimmer, and Samuel Parfitt, another Barbados negro, had uttered indignant denial of any mutiny among the colored men in the crew. The two men, the trimmer being the only survivor, were brought out in the afternoon after John Forsyth, third engineer of the Vestriss, testified reluctantly that the ship was leaking badly and was in danger twenty-four hours after sailing from the port of Philadelphia on the 11th Inst. The water was over the tops of the tanks in the stoke hold, he said.

This important admission, the first of its kind by any officer of the Vestriss, was the feature of the morning session, which also brought out the fact that the position which Capt. Carey gave in his belated SOS was thirty-seven miles out of the way.

There was another important development during the day, Mr. Tilden made it clear during the examination of one of the line's officials that the new Congress may be asked to enact further laws for the protection of life at sea as a result of the tragedy.

CONTENTS LIMITED LIABILITY
The new \$500,000 suit was drawn by Hunt, Hill and Beets, admiralty lawyers, with the Limited Liability Act, which covers marine disasters in American courts.

The heavy liability is based on an act of 1920, which provides: "Whenever the right of action is granted to the United States or to a foreign state in the account of death by wrecks, such right may be maintained in the United States Admiralty Court, regardless of any limitation of any other statute."

The suit names not only Lampert & Holt Line, but also the Liverpool and River Plate Steam Navigation Company, Ltd.

The libel papers or complaint set forth that the vessel left the port of New York in an unseaworthy condition that it was not properly manned, equipped or supplied; that the officers were incompetent and the crew undisciplined and the life-boats defective.

Lionel Lillard, negro quarter-master, of the Vestriss, who served twenty persons when the ship founders, was accorded a reception at the City Hall today and received the praise of Mayor Walker, U. S. Dist. Atty. Tuttie, who is investigating the accident; Nathan Straus, 80-year-old philanthropist, and Dr. Weldon Johnson, secretary of the Association for the Advancement of the Colored People.

Responding, Lillard said that he was grateful for the reception, "the love shown the Americans treat me" and declared that in saving twenty passengers, "all that I could," he thought he was doing his duty.

Waterfront Bill
Action Ordered

SAN FRANCISCO, Nov. 26. (Exclusive)—After lengthy proposals and arguments, the Board of Supervisors today took first definite steps to have control of the San Francisco water front taken from the jurisdiction of the city and county. A resolution was adopted which provides for the appointment of a committee to draft the essential legislation, with recommendations that the work be done immediately so the bill or bills will be ready for presentation to the forthcoming session of the Legislature.

Chairman Schmitz warned that the resolution, passed that the coming legislative session will be the last at which San Francisco will have a delegate-at-large because of the realignment measure which will be voted thereafter, and declared it is of utmost importance that action go forward at once.

HOT DOGS CHEAT DEATH OF PREY

Girl Poison Victim Saved
Through Eating Before
Taking Deadly Dose

BERKELEY, Nov. 26. (AP)—Hot dogs saved a girl's life today.

Miss Clare Wagner, 18 years of age, ate hot dogs and then drank poison. Physicians who used a stomach pump to remove the poison said presence of the hot dogs in her stomach saved her life.

RAILROADS WIN POINT ON BUSES

Stage Lines Defeated in
Attempt to Block Service
on Feeder Systems

SAN FRANCISCO, Nov. 26. (Exclusive)—Motor stage companies operating throughout the State today lost their second skirmish in the fight to keep railroads from substituting motor coaches for steam trains on small-income feeder lines.

The Railroad Commission denied the Auto Transit Company, Pickwick Stage System and the Motor Carriers' Association of California rehearing of recent order in which the commission gave permission to the Southern Pacific company to abandon steam service on several of its short lines in the Santa Cruz Monterey territory and put motor coaches in operation instead. The stage companies contend the commission's action is equivalent to allowing entrance of competition into a field fully developed and well established.

The motorization of steam lines, by the decision, is held to be nothing more than a natural development of existing service. The effect is considered a victory for railroads operating in the State and is expected to be followed by several additional applications.

Ship Brings Body of Drowned Boy

SAN FRANCISCO, Nov. 26. (Exclusive)—The body of Lawrence C. O'Sullivan, University of California junior from Los Angeles, drowned some time ago under unexplained circumstances in Hong Kong Harbor, will be brought here for funeral arrangements aboard the Dollar liner President Taft arriving Wednesday. Only meager information regarding the death of the youth is available. An investigation is under way at Hongkong.

He was making a round-the-world trip for the experience, as a member of the crew of the President Jackson and was last seen in a restaurant. His body was recovered after four days, but no cause of death was found with no indication of foul play, as far as has been learned here.

O'Sullivan was 23 years of age and the son of Mr. and Mrs. J. B. O'Sullivan of Los Angeles, members of the Foreign Press Club. Tau, geological honorary fraternity, and Winged Helmet, Junior Honorary Society.

Rumania Plans Wilson Tribute

BUCHAREST (Romania) Nov. 26. (AP)—Rumania's gratitude to the United States for helping its unite the Transylvanians and other Rumanians with the Fatherland will be expressed by a grandiose Wilsonian ceremony to be held in the Hall of the Parliament on Dec. 1.

The heavy liability is based on an act of 1920, which provides: "Whenever the right of action is granted to the United States or to a foreign state in the account of death by wrecks, such right may be maintained in the United States Admiralty Court, regardless of any limitation of any other statute."

The suit names not only Lampert & Holt Line, but also the Liverpool and River Plate Steam Navigation Company, Ltd.

The libel papers or complaint set forth that the vessel left the port of New York in an unseaworthy condition that it was not properly manned, equipped or supplied; that the officers were incompetent and the crew undisciplined and the life-boats defective.

Lionel Lillard, negro quarter-master, of the Vestriss, who served twenty persons when the ship founders, was accorded a reception at the City Hall today and received the praise of Mayor Walker, U. S. Dist. Atty. Tuttie, who is investigating the accident; Nathan Straus, 80-year-old philanthropist, and Dr. Weldon Johnson, secretary of the Association for the Advancement of the Colored People.

Responding, Lillard said that he was grateful for the reception, "the love shown the Americans treat me" and declared that in saving twenty passengers, "all that I could," he thought he was doing his duty.

Hurley Injured
in Plane Crash

ATHENS (Greece) Nov. 26. (AP)—The airplane Spirit of Australia which Captain Hurley and two companions were attempting a record flight from Australia to England and return, crashed today near Levington, a local airfield for France.

Capt. Hurley and one of his companions suffered concussions. The machine was damaged badly.

MISSING ARMY FLYER PHONES OF SAFETY

BUFFALO (N. Y.) Nov. 26. (AP)—A telephone message was received at the airport here tonight from Lieut. Edmund P. Gaines, army aviator for whom a search had been conducted today. Gaines said he had made a forced landing near Rochester, and had been unable to take off again because of weather conditions.

RADIO CONCERN DENIED REVIEW

Corporation Loses Appeal on
Injunction

License Agreement on Tube
Sales Disapproved

Competitors Assert Effort
for Monopoly

WASHINGTON, Nov. 26. (AP)—The Radio Corporation of America failed today in its effort to have the Supreme Court review the injunction issued by the Federal District Court for Delaware restraining it from enforcing a license agreement with manufacturers of radio receiving sets using its circuit patent, requiring them to purchase from the corporation all tubes in their sets.

The corporation had contended that it had fully established its right to patent cover over its circuit, used in competition, and therefore was in a position to drive them out of business, but had consented to permit their competition in the manufacture of receiving sets provided that they used tubes made by the corporation.

The DeForest Radio Company, through its receiver, and other manufacturers of tubes competing with those manufactured by the Radio Corporation, asserted that the patent of DeForest, covering tubes, expired in February 1928, leaving everyone free to engage in the manufacture of the tubes, and that the Radio Corporation contract agreement with the manufacturers of radio receiving sets gave the corporation a monopoly of the market for their tubes, their only product, and if enforced would drive them out of business. The lower Federal courts sustained the contention that the Radio Corporation license contract violated the Clayton Act and constituted unfair competition.

The motorization of steam lines, by the decision, is held to be nothing more than a natural development of existing service. The effect is considered a victory for railroads operating in the State and is expected to be followed by several additional applications.

WASHINGTON, Nov. 26. (AP)—

It is the same Duo-Art that you hear in the famous Steinway and the Weber. Only in this case

It is built into a beautiful little Strand Grand.

It is the latest triumph of the Helian Company - its famous Helian.

Hundreds of dollars less than you could have bought a Duo-Art until recently.
May be paid for in two years, with an initial payment of only

No More Gas
In Stomach
and Bowels

If you wish to be permanently relieved of gas in stomach and bowels take Baalmann's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas and flatulence.

The empty, growing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitations will be gone. You will again be able to take a deep breath without discomfort.

What a happy, happy feeling, after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer be numb. Baalmann's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package, at any good drug store.

This is the Fontana Policy

To sell
only to qualified, selected families.

To help
these selected families to produce staple
commodities at lowest cost.

To help
market eggs, fruits and nuts efficiently
for cash.

To guide
and advise beginners through a technically
trained staff of five men.

To keep
the prices of good land and water at the
lowest possible point.

To finance
qualified settlers with ten-year building
loans.

To supply
settlers with the high-laying Fontana
White Leghorn strain.

To maintain
the high character and the attractive
appearance of the community.

These are the Fontana Results

A charming, prosperous community of
6,000 people.

An annual farm output now exceeding
\$2,500,000 in value.

A continuous growth of the Fontana
poultry industry, because it really pays.

A continuous growth in the number of
homes on small double-income ranches.

A constantly growing public appreciation
of Fontana's high character.

A reputation for integrity and success
that is one of Fontana's chief assets.

You MUST see Fontana. Drive out Foot-
hill Boulevard to overhead sign 50 miles
east of Los Angeles—then turn right.
Or see the 4-reel Fontana "Movie" daily
at 2:30 P.M. at the Los Angeles office.
(No lecture or high-pressure persuasion.)
Or read about Fontana in the new 40-
page Fontana booklet. (Clip the cou-
pon below.)

Pimples Affected
Face, Arms, Limbs
Cuticura Healed

"The trouble began with little
pimples breaking out on my skin.
Face, arms, and limbs were mostly
affected. The pimples grew larger
and some of them burst and bled
over. They itched and burned causing
me to scratch, and scratching
caused eruptions. I lost my sleep
on account of them, they hurt so.
I tried to rest, but none of them helped me. I read an adver-
tisement for Cuticura Soap and Oint-
ment and sent for a free sample.
It helped me very much so I pur-
chased more, and in about six
weeks I was healed. (Signed)
Miss Ruth M. Snyder, R. 2, Box
261, Rockford, Idaho.

Daily use of Cuticura Soap, with
touches of Cuticura Ointment as
required, keeps the skin fresh,
smooth and clear. Cuticura Talcum
is an ideal toilet powder.

FIVE HELD OVER GAME OF DEATH

Associates of Rothstein
Taken Into Custody

Two Called by Grand Jury;
High Bail Fixed

Welshed Gambling Debts
Cited as Motive

NEW YORK, Nov. 26 (AP)—Two
men who knew Arnold Rothstein,
bald gambler of Broadway, and
a man and a woman who didn't,
testified today before the grand jury
that is investigating his death.
They were the ones who the law
swung out and closed its hand
on five shoulders in rapid succession.

Two of the men who have been
brought to the grand jury—the two
who knew Rothstein—were among
the five held. None of the five were
arrested in the technical meaning of the word, but only are "held" as
material witnesses. Whatever their
official status they were in the house
of detection tonight and the finger-
prints are in the police headquarters
library.

FIVE IN CUSTODY

The five are "Nigger Nate" Raymond, Martin (Red) Bowe, "Titanic
Tommy" Thompson (or Thomas) Jimmy Moran and Sidney Stajer.
Stajer and Bowe were questioned by
the grand jury, the other two witnesses
of the day being Mrs. Ruth Keyes, a Chicago cloak model, and Andrew J. Sheridan, one of the ad-
ministrators of the Rothstein estate.

All of the five were held today except
Stajer who is known to have been
present at the high and mad card
poker game which police believe led
directly or indirectly, to the fatal
shooting of Rothstein in the fatal
room three weeks ago. Stajer who
described himself as a caddy is
understood to have been a confidential
secretary to the gambler.

In a written application for the
detention of the five Dist.-Atty. Banton stated he believed them ne-
cessary to make the investigation
which witness had been tampered
with during his investigation, and
that he was afraid they will not ap-
pear when wanted to give testimony
in the matter of Rothstein's death.
He asserted also that documentary
evidence had been destroyed and
stated.

HIGH RAIL NET
Ball was set at \$100,000 each for
four of the men held and at \$10,-
000 for Bowe.

Two days after the grand jury
dismayed for the day that the sub-
poena was out for "Tough Willie"
McCabe, an agent of Rothstein,
and that no trace has yet been
found of George McManus, an in-
mate of the hotel room where
he shooting occurred, and who
disappeared from his usual haunts.
The District Attorney said he did
not believe McManus had been ap-
ticed away by his killer.

The grand jury investigation is
expected to last three days, some
fifty or sixty witnesses being heard,
and indictments, if any, will be
handed down when the hearing
is learned today.

From the official action taken to-
day it was apparent that the Dis-
trict Attorney still believes that
the key to the killing of Roth-
stein will be found somewhere in
the high status home at which he
lost all his money.

The grand jury investigation is
expected to last three days, some
fifty or sixty witnesses being heard,
and indictments, if any, will be
handed down when the hearing
is learned today.

The organization will be built
around the American Eagle Aircraft
Company of Kansas City, Mo., which
is owned by Raymond. The company is
held by the Durants. At least three
other companies will be acquired to
give the corporation accessory, motor
and plane manufacturing facilities.
A distributing subsidiary
also is planned with a number of
American automobile men active in
its affairs, among them Barney Old-
field, veteran racing driver.

TOOK ALL CASH

Meehan was the host at that
party, according to Mrs. Thompson
and Bowe sat in at the game. The
stakes ran high and Rothstein's
luck had deserted him. He lost
heavily and won but little but when
he won he would take his winning
in cash. When he lost he would
lose all over again. That's when it was
all over he had lost more than
\$200,000 to "Nigger Nate" Raymond
—in white paper with his initials
on it—but he had \$10,000 of "Nig-
ger Nate's" money.

Rowe was the only real
lucky player at that game. He
won \$5000 from Rothstein and ac-
tually got it. Raymond never was
able to cash his I.O.U.'s nor were
any of the players.

Like accusations were placed
against Louis Peters, seaman, brother
of the captain, and M. G. Stur-
devant, who is said to be in Oregon.

The Northern California Fisheries,
owner of a cargo of mink skins,
is held by the Durants. At least three
other companies will be acquired to
give the corporation accessory, motor
and plane manufacturing facilities.
A distributing subsidiary
also is planned with a number of
American automobile men active in

its affairs, among them Barney Old-
field, veteran racing driver.

Wreck Skipper Held to Answer

SAN FRANCISCO, Nov. 26 (AP)—

Anthony Peters, captain of the
launch Ideal, which foundered off
Point Reyes, last August, was held
to answer before a United States
Commissioner here today on charges
of causing a vessel to wreck.

Like accusations were placed
against Louis Peters, seaman, brother
of the captain, and M. G. Stur-
devant, who is said to be in Oregon.

The Northern California Fisheries,
owner of a cargo of mink skins,
is held by the Durants. At least three
other companies will be acquired to
give the corporation accessory, motor
and plane manufacturing facilities.

its affairs, among them Barney Old-
field, veteran racing driver.

BRITISH SPORTSWOMAN INJURED IN FOX HUNT

MELTON MOWBRAY (Eng.)

Nov. 26 (AP)—Lady Mary Herbert,
daughter of Lord Ilchester, was in-
jured today while riding with the
Quorn hounds. She was thrown from
her horse and her leg was broken.

The Lady Mary is a noted
sportswoman. While in India with her
husband, Capt. John Herbert, who recently
served on the Vice-roy's staff, she bagged a tiger.

CHURCH DEFIES BOXING BOARD

Congregation Insists Upon
Right to Conduct
Sparring Bouts

MILWAUKEE, Nov. 26 (AP)—

(Exclusive)—Members of the
West Allis Presbyterian Church today defied the
Wisconsin Athletic Commission to prevent them from holding
boxing bouts in the church in connection with a general
program of athletics. It was
announced by Rev. W. S. Critchley, pastor.

The commission refused the
church a permit to hold box-
ing classes on the grounds
that the institution is not in-
corporated for the specific
purpose of teaching boxing,
as is required by law.

Pinkey Mitchell, Milwaukee,
former holder of the junior
welterweight championship,
has been engaged to teach
church members the art of
fisticuffs.

NOTED CUBAN DIES

HAVANA, Nov. 26 (AP)—Dr. Carlos

Lovera, Cuban delegate on numer-
ous occasions to the Geneva
Labor Commission, died today
from heart disease. Lovera also was
a fiction writer of considerable fame
in Spanish-speaking countries.

BOY KING OPENS BANK ACCOUNT

Cabinet Makes Him Present
on Retiring, but He
Can't Spend It

BUCHAREST (Romania)

Nov. 26 (AP)—King Michael,

who became 7 years of age a
month ago, today opened his

first bank account. He de-
posited a check for 200,000 lei

which members of the retiring

Bratianu Cabinet gave him as

a personal gift on his name

day. This would amount to

approximately \$1200 if con-
verted into American money.

Michael is able to read and

write and sign his own name.

The law, however, does not

allow him, as a minor, to draw

checks. Therefore the pres-
ent fund and any deposits

which he may add to it, must

remain intact until he reaches

his majority on October 25,

1936.

TEXAS ELECTION INQUIRY SPLITS

Row Caused Over Member's
"Outside Evidence"

Representative Black Can't
Pursue Questions

Judge Hesitates to Name
Voting "Influence"

MCALLEN (Tex.) Nov. 26 (AP)—

The House campaign expenditures

committee split today after a
near row over a question of evidence

in its investigation of alleged South

Texas election irregularities and

quelled attempts of Repre-
sentative Black, Democrat, a member of

the "inside" group, to name "in-
fluence" supposedly intimidat-
ed Democratic voters in Hidalgo

county's general election.

By a four-to-one vote the com-
mittee refused to permit Black to

pursue questions as to identity of

"inside" influence, held by County

Judge Cameron in a list of recusals

as to why the Weslaco ballot box

was thrown out, giving the district

judgeship victory to J. E. Leslie,

Democratic incumbent, over the

"citizen" Republican candidate,

Judge Grier.

Judge Cameron hesitated to name the

influence. Black asked if it was

"the Anti-Saloon League or the Re-
publican National Committee."

Protests ensued from other com-
mittee members, notably the Repre-
sentative from New Jersey, Lehman

Lehman, who insisted that the witness

had said it was hearsay only.

Black contended that the committee

over Loses
new Trial Plea

MANCHESTER, Nov. 26. (AP)— George Goss, sentenced to 10 years in prison for the murder of George and his wife, was denied a new trial by the State Supreme Court. Goss claimed numerous errors in the trial. The Supreme Court said that an examination showed that a fair trial had been given and no basis for a reversal.

AGENT QUALIFIED
ISSUE INSURANCE

DETROIT STENOGRAPHER
DECLARED OF
NO VALUE

DETROIT, Nov. 26. (AP)— A lower court decided the United States Circuit of Appeals here today that McOlin, wife of the (Am.) stenographer, is entitled to compensation on a legal malpractice claim. The Circuit court held that the insurance was issued by a stenographer and not by a regular agent insurance company. It held the lower court to be in error in its decision in favor of Mrs. McOlin and reversed the decision.

ACCEPT THIS OFFER. A Speed Wagon and hauling expert will gladly call and discuss your problems. He will show you figures on costs and service.

HE WILL DEMONSTRATE how Reo Speed Wagon measure up to the three features that concern operating costs. He will let you know the cost of insurance, the cost of maintenance, and the cost of transportation fees.

On the Trail of a Good Thanksgiving Dinner With Chef Wyman

Stuffing The Turkey

CHEF WYMAN'S SUGGESTIONS FOR THANKSGIVING DINNER
 California Lobster Cocktail
 Salted Almonds Ripe Olives Stuffed Celery
 Cream of Mushroom Soup
 Roast Turkey
 Chestnut and Oyster Stuffing
 Giblet Gravy
 Cranberry Jelly
 Riced Potatoes, Asparagus Tips, Cream Sauce
 Painted Stuffed Pears, French Dressing
 Pumpkin Pie
 Plum Pudding and Hard Sauce
 Coffees

ROAST TURKEY

Prepare the turkey the day before by thoroughly cleaning and singeing, half the bird drawn, cut the neck close to the body, remove the pin feathers, wash well inside and out and thoroughly dry; do not stuff the bird until time to place it in the oven. Baste three or four times with half sherry and ginger ale.

CHESTNUT AND OYSTER STUFFING

For a twelve-pound turkey, use six cups of bread crumbs, not too fine; one dozen oysters, one pound of chestnuts, six tablespoons of melted butter, season with salt, pepper, poultry seasoning, and half a teaspoon of mace; boil the chestnuts for twenty minutes, peel them, allow to cool, run through the fine knife of a meat grinder, cut the oysters into quarters, combine the bread crumbs, melted butter, seasonings, chestnuts and oysters; stuff the turkey but do not pack tight. If any of the dressing remains add to it one well beaten egg, roll into small balls, fry in deep hot shortening and use it to garnish the turkey with. Sew up the turkey after stuffing, truss, make a paste of butter rubbed to a cream and flour and spread very thinly over the breast and sides of the turkey, place the turkey breast down in your roaster and allow to cook until half done, averaging twenty minutes to the pound, then turn over on the back and finish the cooking.

PAINTED STUFFED PEARS

Paint halves of canned pears with red and green coloring, applying it with a small brush, then place one half of a pear cut side up on a nest of lettuce; fill with the following cheese mixture, to one cup of cream cheese add three tablespoons of sour cream, a seasoning of salt, paprika, and celery salt, chopped pimiento, (one) that has been well drained. Place the mixture in the pear half, allowing the white to show around the edges, place on top another half of pear. Place in the blossom end one whole clove and in the stem end, a small thin piece of citron. Garnish with parsley and serve with a French dress-

PIE CRUST

One half a cup of shortening, one half a cup of ice water, one cup of pastry flour, one fourth of a teaspoon of salt, one half a teaspoon of baking powder.

Place the water in a cold bowl, add to it the half a cup of shortening, and chop into small pieces with your pastry chopper, sift the flour, baking powder and salt together, and sift into your shortening mixture, working it in carefully with a knife until it forms a ball in the bowl, place in the ice box until ready to make your pie.

PUMPKIN PIE

Two cups of pumpkin, one half a cup of sugar, one half a teaspoon of salt, one half a teaspoon of cinnamon, one fourth of a teaspoon of mace, the yolks of three eggs, one half a cup of cream, the grated rind and juice of half a lemon, mix all the dry ingredients, add the pumpkin, and the lightly beaten yolks of the three eggs, add the cream gradually, place in your pastry lined pie dish, and bake

until firm, remove from the oven, make a meringue of the stiffly beaten whites of the three eggs and one fourth of a cup of honey, place on top of the pie, return to the oven and allow to brown slowly.

PLUM PUDDING

Sift four cups of flour and mix with one half of a large loaf of bread crumbs, one pound of finely chopped suet, the grated rind and juice of two lemons, the grated rind and juice of four oranges, one pound of brown sugar, four well beaten eggs, half a teaspoon each of nutmeg, cinnamon, cloves, mace, one pound of chopped seeded raisins, one half a pound of seedless raisins, one half a pound each of chopped candied orange and lemon peel, and citron or grapefruit, one cup of molasses, and one cup of sherry or cider, mix all the dry ingredients together and add the liquid. Place in well buttered bowls, filling them two thirds full, cover tight, place on a rack, fill two thirds full with water and allow to boil steadily for three hours.

Thanksgiving's Finished Product

Home Building
 New Simple
 As A.B.C.

THE old-time mystery of home building has departed with long skirts, puffed sleeves and the stately board of the medico. Today the man and woman who desire to build a home take three very simple steps.

STEP 1: T, of course, have the plans and specifications drawn by a professional architect.

These plans become

blue prints, and

building this logically

you are in

position to get

competitive bids

from a number of contractors. The

money you save

on competitive bids

will more than take

care of the cost of

your architect's fee.

STEP 2: D,

select a good contractor. He is a

vital cog in the

whole building machinery.

STEP 3: P,

provide for adequate

financing. We have

more than \$5,000,000

to loan in amounts

from \$2,500 to

\$15,000. We are

always anxious to

help the man and

woman who desire

to build.

STEP 4: C,

call on us if you are

planning to build.

We want you to

have a booklet

"How to Your

Booklet." It

will be mailed to

you free.

WE ARE in

interested only in the

finest requisites of

your building pro-

gram: the financing.

We are not in

FILM CONTROL
STIRS DEBATEFederal Picture Council Has
Clash on SubjectBrookhart and Hudson Give
Details of BillsPreacher Takes Exception to
Government Rule

WASHINGTON, Nov. 26. (AP)—Federal regulation of the production of motion pictures versus the discretion of individual motion-picture exhibitors was the subject of a debate that marked the initial session here tonight of the Federal Motion Picture Council.

Senator Brookhart of Iowa and Senator Hudson of Michigan, author of bills in Congress which would provide for the supervision of moving-picture production by the Federal government, made addresses explaining in detail the workings of their proposed legislation. Representative Hinckley asserted that his bill goes farther than that of the Senator's by providing for the creation of a Federal motion-picture commission to take over the supervision.

PASTOR EXPLAINS

Rev. William Murdoch MacLeod, Pinehurst (N. C.) pastor, took the floor during the open forum following the speeches and denied that exhibitors are hampered by the so-called block-book system now practiced by producers in showing the type of pictures they desire.

"Are you in favor of Representative Hudson's bill?" questioned Canon William Sheafe Chase of New York, chairman of the meeting, "because in my opinion you don't want any argument against it."

"I am not against the bill if it can be shown that it is the satisfactory method of keeping motion pictures decent and of value in education," said the牧师. Dr. MacLeod. "But I believe that the individuals of each community should be responsible for the type of pictures shown, and should be aroused to a point where they will boycott the undesirable films."

"What would you do if the exhibitors are forced to buy, without seeing, many bad films just in order to get the few that they want?" interrupted Senator Brookhart.

RESENTMENT SURE

"On behalf of the people of my own community I must state my belief that they will resent most intensely any suggestion that they are mentally or morally inferior to others. Dr. MacLeod.

"But I believe that the individuals of each community should be responsible for the type of pictures shown, and should be aroused to a point where they will boycott the undesirable films."

"What would you do if the exhibitors are forced to buy, without seeing, many bad films just in order to get the few that they want?" interrupted Senator Brookhart.

Convicted Youth
Seeking Pardon

WICHITA (Mich.) Nov. 27. (Exclusive)—Formal petition for pardon was filed with Gov. Green in behalf of Arthur C. Rich, scion of a wealthy Battle Creek family now serving a life sentence in Jackson penitentiary for criminal assault.

Rich was sentenced March 10, 1929, to life imprisonment and conviction on a charge preferred by Louis E. King of Washington, Pa., Battle Creek College co-ed, as the result of an episode on the grounds of the Battle Creek Country Club the previous May. Rich, now 25 years of age, still maintains his innocence.

Two Railroads
to Use Planes

CHICAGO, Nov. 26. (Exclusive)—Two additional railroads are planning to establish air-rail service, it was learned today. The Illinois Central has contracted with the Robertson Aircraft Corporation for operation of an air and rail service between Chicago and St. Louis. The Southern Railway is negotiating with air-route operators for a Washington-New York line connecting with the railroad's northern terminal at Washington.

HERBERT HOOVER, JR.,
DEPARTS FOR EAST

PALO ALTO, Nov. 26. (Exclusive)

Herbert Hoover, Jr., with his wife and two children, departed for Cambridge, Mass., tonight, where Hoover will resume his duties as instructor in the school of business at Harvard University. He had been at Palo Alto since the latter part of October, remaining with President-elect Hoover through the election.

While here, Herbert, Jr., completed a survey of commercial air routes for the Pacific Coast for the information of the Guggenheim Foundation of Aeronautical Research.

Explorers McMillan Asserts No
Man Can Be Sure of
His Location

CHICAGO, Nov. 26. (Exclusive)—The North Pole is a mathematical point so fine that no man in the world is accurate enough to locate it definitely. Commander Donald B. McMillan, noted Arctic explorer, today declared at a luncheon given by E. G. Dahlberg at the Union League Club.

With radio, individual rooms,

for each man on board an exploring ship and other modern advantages, the top of the world is now a paradise for sportsmen. McMillan said. He

will leave next June for his twelfth trip to Abekal Bay in Northern Labrador.

FUND INQUIRY OFF
UNTIL NEXT MONTH

WASHINGTON, Nov. 26. (AP)—

Inquiry into the recent Presidential campaign expenditures was delayed until next month by Senate investigating committees today, pending the filing of campaign expense reports. Chairman Stetler announced that the committee will rely to a great extent on the campaign reports, which must be filed thirty days after election. It also intends to depend on State campaign reports.

SHORT-STORY COMPANY SUED

SAN FRANCISCO, Nov. 26. (Exclusive)—Famous Short Stories, a corporation of Los Angeles, defendant in a suit filed in Superior Court today by the Collection Service Corporation as assignee of K. M. Somlyo. The suit charges that within the last two years the defendant became indebted to Somlyo in the sum of \$1850 for stories submitted. The amount and 7 cent interest is asked. The suit was originally filed in Los Angeles on June 1, last, by Attorney A. P. Michael Narlian and was transferred to this city.

Prohibition enthusiasts who advocate the use of poison gas to close up speakeasies ought to know that gas holds no terror to persons accustomed to present-day liquor.

COURT EXCHANGES LIKELY

Kellogg Expected Soon to Initiate Discussion for
United States Participation at Geneva

WASHINGTON, Nov. 26. (AP)—Further discussions by the United States with nations composing the World Court are in immediate prospect in an endeavor to bring about an agreement for American participation in the court.

While new exchanges are proposed in the Giletti resolution now pending before the Senate, it is understood that as a result of President Coolidge's discussions Saturday with Republican Senators, Secretary Kellogg will immediately initiate the exchanges.

NATIONS REGARD
REPORT AS TIMELY

GENEVA, Nov. 26. (AP)—Inasmuch as the League of Nations is about to take up the question of reorganization of the World Court of Justice, including the problem of advisory opinions, international circles are awaiting with interest the reported decision of President Coolidge to renew negotiations for the admission of the United States.

It was recalled in official League circles today that the conference of powers which were members of the League in 1920, which accepted in full the fifth American reservation touching on advisory opinions, especially invited the United States to pursue the negotiations, but that since then no official word has come from Washington.

Officials emphasize that the League will welcome an expression of American views and desires. Switzerland has inaugurated a movement to determine whether the country should accept the League by a majority or unanimity vote.

Establishment of the unanimity rule would facilitate American admission because the veto privilege, which Washington wants on the court's power to grant these opinions, could be easily overcome by giving the United States the right to vote with the League Council.

But many jurists fear that if the Council's rules are definitely clarified, unanimity will be the Council's rule and will be considered to be legally sufficient. They prefer unanimity because advisory opinions frequently possess great political importance and form the basis of the actual settlement of disputes. They fear that a majority vote would be difficult to prove the wisdom of that unanimity rule under which the United States would be given complete satisfaction. Meanwhile, however, officials express the hope that the United States will be content with the same powers and the same unanimity accepted by members of the Council.

The reason for the *new* Chevrolet

A STATEMENT
of General Motors' policy
by ALFRED P. SLOAN, JR., President

HERE is an attitude in General Motors which is characterized by the phrase: "Facts and the Open Mind." It accepts nothing as final. It welcomes every new idea, and—by incessant research and test—produces continuous progress.

This attitude extends throughout our organization. In every division there is continuous improvement. And these improvements are not held back from the public. When they are proved they are passed on promptly.

The New Chevrolet is a superb example. During the first nine months of 1928 more than 1,000,000 Chevrolets were sold—a record for all time. Never were models more popular. Never was there a business

which could have gone forward more safely without any material change.

Yet we have made a most sweeping change. Having passed the million mark in Chevrolet production, we were able to realize the dream of years: a six-cylinder car, with Fisher Body style, within the price range of the four.

There was no question of waiting for the current models to exhaust their appeal. The improvements were possible. The public had made them possible by the volume of its patronage. The public was entitled to the improvements promptly.

This is the spirit which lies behind the New Chevrolet. It is more than a 6-cylinder car. It is a wholly new creation. It is the triumph of a policy built upon a keen realization that the most valuable asset in business is continuous good-will.

Alfred P. Sloan, Jr.
President

NEW LOCKHEED CAPITAL VOTED

Aircraft Concern Plans Five for One Offering

Price to Stockholders Fixed at \$6 Per Share

Move Part of Program for Extending Field

Directors of Lockheed Aircraft have voted to offer stockholders five additional shares of no par value common stock at \$6 a share for each one held as of record December 15, next. Ben S. Hunter, secretary, announced yesterday following a special meeting of the board.

On this basis the present authorized common stock will be increased from 20,000 shares to 30,000. There are 10,000 shares at present 21,250 shares outstanding. It is expected that the new issue will be traded in immediately on a when-as-issued basis.

Proceeds from the new financing will be used to retire the preferred stock outstanding amounting to 17,500 shares of \$10 par value. At the rate of 70 cents a share per annum a fixed charge for preferred dividends amounts to more than \$1,000 a month will be eliminated.

Dividends will be increased.

Directors also voted to add two new members to the board. Names of the directors are expected to be announced shortly.

One of the reasons taken into consideration for the issue 12,000 additional shares of no par stock is to permit a wider distribution of the shares of the company, Mr. Hunter stated. Lockheed Aircraft has rapidly assumed a place of prominence in the airplane industry on the basis of outstanding performances, and its share are expected to increase popularity. It is understood that on completion of the new financing application will be made to list the stock on the San Francisco Stock or Curb Exchange. The Burbank plant, now running at capacity, is expected to have a capacity of ten planes a month. December output is expected to be twelve planes.

Bay City Broker Buys Seat Here

James K. Lockheed, American National Trust Company of San Francisco, has been elected a member of the Los Angeles Stock Exchange. Norman P. Courtney, secretary and manager of the exchange announced yesterday.

This is the fifth San Francisco brokerage house to obtain a seat on the Los Angeles Stock Exchange this year. Thirty-three memberships have been transferred since January 1 at prices ranging from \$2,500 to \$175,000, which includes a membership on the curb market.

REPUBLIC STEEL TO MAKE RIGHTS OFFER

YOUNGSTOWN, Nov. 26. (Exclusive)—Republic Iron & Steel Company will offer common stockholders of record December 15, 100,000 additional shares of common stock at \$65 a share in the ratio of one new share for each six shares held. The issue has been underwritten by a banking group. Philip Wick of Youngstown, Myron Wick of Cleveland and W. J. Mather of Cleveland were added to the board of directors.

RISE OF NEW ERA TRACED

Financial Sections of American Dailies Reflect Dominant Position of Finance

BY EARL E. CROWE

Seven million-share days on the New York Stock Exchange, the quotation tape more than two hours behind, and stock exchange seats within striking distance of \$600,000 are a few recent developments that illustrate the ascendancy of the financial era to a commanding place in American affairs. Agriculture, industry, commerce—all have been forced into subordinate position in current events by the sweeping advance of finance in the last ten years.

Probably the best reflection of this trend is found in the financial and business sections of the American newspapers. Ever since the war the demand for and the supply of financial and business news has been growing. American newspapers have been compelled to allocate an increasing portion of space to this type of news, until the financial sections of today consume more space than any other single department of the metropolitan dailies. Financial pages are more widely read than any other, not even exceeding sports.

PROBLEMS ENCOUNTERED

Most of this development of the financial sections has taken place in the past ten years. The news pages are still attempting to meet the problems presented, and it is conceivable that the financial sections of ten years hence will offer radical contrasts in the methods of handling and displaying financial news and information. The problem of supplying information is particularly pressing especially so in cities of the character of Los Angeles, New York, and Chicago, where the readers demand quotation service on securities originating in every corner of the world.

Recently a New York newspaper reported what was described as the first stock quotation list ever printed in the country. The list appeared in November, 1921, and contains quotations on four government bonds, 100 shares of each, and three insurance company shares. Bills of exchange on London, Hamburg and Amsterdam also were quoted.

Today the New York Stock Exchange table alone requires from six to seven columns of space daily.

LINEAGE KEEPS PACE

Financial advertising has grown apace. For example, financial dividends in The Times, which ranks among the largest in the country, have shown a notable increase since 1913. The estimated total for 1928 will represent an increase of approximately 268 per cent over the total of a decade ago, with the metropolitan dailies displaying advertising has become one of three leading revenue items.

If the prophets who foresee 10,000,000 share days on the New York Stock Exchange as a daily occurrence are right, the problems of the management are likely to be greatly intensified. Increases in the daily turnover will reflect the creation of news affecting each issue appearing on the tape, and a consequent demand for this news from the increased number of people interested.

How the New York Stock Exchange and the other exchanges will meet the problems involved in handling the expected increase in business is a puzzling question. Quotation tickers, clearinghouse operations, and stock-exchange personnel may be swayed by the current volume of business. New methods must be evolved to meet the situation.

Emsco Derrick Stockholders to be Given Rights

Directors of the Emsco Derrick and Equipment Company, at a special meeting held yesterday, issued an order to retire the present funded indebtedness of the company amounting to \$750,000. Finishing in this purchase will be accomplished through the issuance right to common stockholders of 5000 shares, par value \$100 each. Stockholders will be given the right to subscribe for new stock at the rate of one new share for each nine shares now held at \$150 per share, payable in cash or before December 16, 1929, to the approval of the Corporation Commissioner. Warrants for fractional shares will be issued.

Joseph Smith, secretary and treasurer of the company, announced that the right to subscribe for new stock to be returned is that of the D. and B. Pump Company, acquired by Emsco about a year ago.

BULLS RESUME MARKET REINS

(Continued from Fourteenth Page)

about 21 points to a new peak at 254 2-4, and closed at 253. Yellow Truck and Coach was the session's most spectacular strong point, climbing more than 10 points to a record price of 50, and its production was up 10 per cent. The rise was based on reports that the company has made extensive "write-offs" in the last year, and that it is making rapid progress under General Motors management. The concern is expected to obtain a large order in connection with the Missouri River flood-removal project.

In the rails, Kansas City Southern jumped about 11 points to a record price of 85, and closed at 80 3-8. Erie, Penn., Maritime, Boston and Maine, New Haven, Canadian Pacific, Chesapeake and Ohio, and Chicago Great Western preferred mounted about 2 to 7 points to new peaks.

Railway equipment and rubber shares, which have been depressed for some time, reflected the improvement in both industries. General American Tank Car forged ahead 7 points to a new top on reports of increasing inquiries for railway equipment and production of the preferred stock. General Railway Signal made an extreme gain of 6 points and Lima Locomotive stepped up about 2 points. Goodyear Tire mounted more than 10 points to a new peak and Goodrich gained more than 7 points.

COPPERS IRREGULAR

Copper and oils were irregular. Andes was a strong point of the copper, touching a new top at 56, and American Smelting sold up about 6 points, but canceled most of its gain. Nevada was brought into new high territory, but Greene Cananea and Kennecott were depressed by profit taking. In the oils, White Eagle, Indian preferred, Standard of California and Superior touched new peaks, but the last two later receded. Sinclair and Pan American B sagged.

Automobiles, up about 7 points, then lost all but a point. The mail-order houses yielded to profit taking. Montgomery Ward falling back more than 9 points, while National Bellas Hess and Sears Roebuck fell about 6 and 3 points, respectively. General Motors sagged nearly at points.

In the steels, Midland preferred rose about 15 points to a new record figure, then lost half its gain. Bethlehem stepped up about 2 points to a new top, and Ford a point higher. United States Steel made a moderate gain, then lost it.

Loose-Wiles Biscuit encountered renewed buying based on reports of tentative merger negotiations with Puritan Candy and Biscuit Company. Hershey Chocolate broke into new high ground on reports that 1926 earnings will run over \$6 a share and dividends shortly will be inaugurated on a \$4 annual basis. American and Foreign Power, American International, Auto Sales, American General, Electric, Dillingham Chemical, Ingersoll Rand, International Harvester, Stromberg Carburetor and Otis Elevator went ahead about 5 to 12 points to new high levels.

American Express, Columbia

Telephone, Eastman Kodak, in

ternational Paper, Jewell Tea and

People's Gas reacted about 2 to 10

points.

The commodity markets were

feasted by a further advance of

about 10 and \$2 a bushel in cot-

ton, resulting from strong buying by

bullish speculators who have recently

taken an interest in the market.

Other commodities were firm.

In the foreign exchanges a fur-

ther hardening of sterling was re-

ported as the result of the great

movement from London for the

present. European exchanges gen-

erally firm up in response to the

strength of sterling. Japanese yen,

however, fell back 8 points to 46.65

cents.

Eastern Utilities Investing Corporation
The Board of Directors has declared the following quarterly dividends, payable December 1, 1928, to holders of record October 31, 1928:

Dividends
\$4.40 Cumulative Preferred Stock—\$1.50 per share in cash or 1.50/100ths of a share of Preferred Stock for each share of Preferred Stock held.

This is equivalent to permitting the holders of each share of Preferred Stock to apply them each year to the payment of a dividend of \$1.50 at the price of approximately \$87 per share as compared with the present market price of approximately \$87 per share. The market dividend is equivalent to approximately \$6.40 per share per annum for the \$4.40 Dividend Series Preferred Stock held.

T. W. MOFFAT,
Treasurer.

SAN FRANCISCO

SAN FRANCISCO, Nov. 24 (AP)—Prices were mostly lower, with a few gains scattered throughout the market during an inactive session on the San Francisco Exchange today.

Stocks opened even at 80 to 80 1/2, then slowly came up to a close of 80 1/2, a gain of 1/2, with a slight falloff in a few cases.

Manzanita sagged from 127 1/2 to a low of 125 1/2, then began to recover, closing 1/2 to close at 12 1/2, or 11 1/2, a gain of 1/2, and then closed even at 80 1/2, down 1/2, lower by 1/2, and then closed at 80 1/2, a gain of 1/2.

Standard Oil Company of California started out strong at 70 1/2, attained a

new peak of 79 1/2, and then receded to 78 1/2, to close at 78 1/2, a gain of 1/2. North American lowered 1 1/2 to 61 1/2, from a 62 1/2 to 61 1/2. Union Oil Company of California, and Union of California slumped from 100 to 98 1/2, and 98 1/2, down 1 1/2, and 1 1/2.

Rank of Italy commenced higher at 100, returned to 92 1/2, gained 1/2, and then returned to 92 1/2, gained 1/2, and then returned to 92 1/2, gained 1/2, and then returned to 92 1/2, gained 1/2.

American Corporation was dull, losing 1/2.

Standard Oil Company closed at 100 for no gain.

Injuries and Flu Rap Lincoln's Chances Against Manual Arts in Turkey Day Game

THREE TIGERS MAY NOT PLAY

Toilers Heavy Favorites to Cop Title and Title

Poly-Hollywood Tiff Doped to be Real Thriller

Covina and Pomona Hook Up on Thanksgiving Day

BY BOB RAY

Lincoln's chances of defeating Manual Arts at the Coliseum Thanksgiving Day—already slim—will not improve to toothpick-like proportions yesterday when Capt. Pete Vitali and Leo Svedo were sent to the hospital suffering from the flu. If these two are unable to play in the Turkey Day championship clash, the Tiger backfield will be completely shot, for Fullback Ed Mess is definitely out of the game because of an infected knee.

While things are decidedly gloomy over at Lincoln, Coach Jim Blewett's Manual Arts Toilers are breaching along on the even tenor of their way, with all hands rounded into tip-top shape to put on the game of their lives against the Tigers.

Chuck Gabriele, Manual's line-ripping halfback, is rapidly recovering from a mild attack of the bug, while Shorty Teller, quarterback, was out in uniform last night after a short struggle with the influenza bug.

The Toilers believe they have a defense perfected and Alvin Corbett, Jim Kline, and the Lincoln batters raring and are confident they will win the Turkey Day tiff and cinch the City League championship.

The other big City League game of the day, between Polytechnic and Hollywood tomorrow on the Jefferson gridiron, is expected to supply as many or more thrills as the Lincoln-Manual clash. Coach Vic Kelley's Hollywooders finally reached their top form last night when they beat L. A. High, 24 to 7, and the Foothillers are upping given an even chance to upset the Mechanic machine.

Unless Poly's tackles and ends play their very best brand of football, then Hollywood receives a double reward for featuring Capt. Louis Vojat, Rudy Love, and Farris, will result disastrously for the Blue and Gold. The Foothillers have their passing attack striking now and it takes an alert pair of ends and tackles to break up the Mechanic machine.

On the other hand, the Hollywood defense will have to watch Franny Killoff, the fastest back in the circuit, and Capt. Jimmy Young, Polytechnic's sophomore.

Indeed, both Poly and Hollywood play a wide-open spectacular style of game, the struggle ought to provide the spectators with plenty of thrills. Personally, we think that Hollywood plays the best football from the spectators' angle of any eleven in the City League.

DARO WITHOUT OPPONENT FOR JOE MALCEWICZ IN FEATURE WRESTLING BOUT AT OLYMPIC

Promoter Lou Daro was still without an opponent to face Joe Malcewicz, mat sensation from Utica, N. Y., in a finish bout at the Olympic, December 5, yesterday, although he has hopes of getting one of the four topnotchers he has wired offers of the match to.

Malcewicz's willingness to wrestle for only his expense money will make it possible for Daro to wire Pietroff another offer for a no-time-limit bout, it was stated.

Pietroff indicated he did not care to meet Malcewicz this time, especially since he had already scored up with the Utica mat champion. Malcewicz handed Pietroff his first defeat in a match held in Denver, April 15, 1928. Their bout here several months ago was their first, and Pietroff relieved himself and Pietroff out a victory by default, as injury forcing Malcewicz out of the battle after more than forty minutes of the gate receipts.

Daro is anxious to bring these two together for the third time as the bout is one with the local wrestling public. The Utica champion has won several matches since their local match, which was fast and spectacular. A deciding match between these two would be a knockout, if the rivalry existing between them is any indication of the sound of grappling to be expected, according to close followers of the game.

The percentage of the gate which Pietroff has asked is the same as the percentage of the gate which Malcewicz would like to get into the ring with again.

The promoter yesterday wired the Utica mat champion back to Los Angeles to witness the condition that the bout would be a two-hour time-limited affair, and he would be given 37½ per cent of the gate receipts.

Daro has yet to hear from Stanley Stadler, Utica's heavyweight champion, who has been invited to the Olympic to meet the champion in a clash.

EASTERN GRID CRITICS WAGE BATTLE OVER CAGLE, STRONG AS BEST HALFBACK IN EAST

BY ALAN J. GOULD
(Associated Press Sports Editor)

NEW YORK, Nov. 26. (AP)—The somewhat celebrated controversy over the famous Chicago long count has never heated up more than the current debate over the relative merits of Red Cagle and Eddie Strong, the two outstanding all-around stars in the country.

If Capt. Bill Hoffman is capable of playing good football he will do it well, but he has been advertising his speed so far this year has not been good, so he would like to make his last year his best one. Bill also knows that Bill Simkins is strong, but he is not being used to keep Bill up on top.

Red Cagle, of the Stanford gridiron, is the best U.S.C. at Los Angeles Saturday. He does not think U.S.C. is as strong as last year.

Oregon State plays New York University at New York City next Thursday and some of the Stanford stars will be on the train.

All the players with the exception of Simkins are in fine condition. The engine broke down about twenty miles west of Rawlins, and the boys hopped off the train into a

sumo, if at all, for both are great, both are strong, both are the mainstays of their respective teams, Army and New York University.

Take Cagle, if for no other reason than that he comes first in the alphabetical order. The slim, but strong, Army redoubt has been the central figure of the year, his play by the Cadets.

He has had a fine year, being called to the gridiron.

The more the boys see of this country the happier they are that they live in California.

It's a year that won't be settled for some time to

come, if at all, for both are great, both are strong, both are the mainstays of their respective teams, Army and New York University.

CHUCKLES from LIFE

Modern Camping
Wills: Hello, old man; where have you been?
Gillis: Just got back from a camping trip.
Wills: Roughing it, eh?
Gillis: You bet. Why, one day our portable dynamo went on the bum and we had no hot water, heat, electric light, ice or radio for almost two hours.

Breaking the News
Wife: Anne certainly was lucky today at bridge.
Husband: Did she win?
Wife: She won fifty dollars.
Husband: My goodness! I'll say she was lucky.
Wife: And, honey—
Husband: Yes?
Wife: I was the only one that lost.

From all over the world come reports of the reliability of the new FORD

ON September 13, 1928, a new Ford car was driven to the summit of Ben Nevis, the highest mountain in Great Britain. This extremely difficult and dangerous ascent was made over rock-strewn, almost impassable mountain trails—an example of the unusual stamina and performance of the new Ford. The Ford is the only car that has ever made this ascent.

Practically a year of average driving was done in three weeks, yet the entire trip was made without the need of a single major adjustment or repair.

Another new Ford, as a test of hill-climbing, was driven from San Bernardino, California, over the National Old Trails and Swartout Valley Highway, to the Big Pines Recreation Camp. The entire 36.2 miles were made in high gear—a particularly severe test because of the sharp turns and a stretch of 5.7 miles where the grade rises precipitously from 3000 to 6075 feet.

Previously this same car had broken the time record between Los Angeles and Phoenix, Arizona, and had made a 500-mile circle of Muroc Dry Lake in the Mohave Desert at an average speed of 62.51 miles an hour.

FEATURES OF THE NEW FORD CAR

- Beautiful low lines
- Choice of colors
- Remarkable acceleration
- Smoothness at all speeds
- 40 horse-power
- 55 to 65 miles an hour
- Fully enclosed, silent six-brake system
- New transverse springs
- Houdaille hydraulic shock absorbers
- Triplex shatter-proof glass windshield
- Economy of operation
- Reliability and long life

A part of the very life of this country

Other incidents are even more dramatic. A letter from Albany, N. Y., tells how the Triplex shatter-proof glass windshield of the new Ford prevented injuries from flying glass when a physician's car was forced off the road into a telegraph pole. A news-reel photographer tells how the brakes on the new Ford saved his life when, speeding through a blizzard to film a shipwreck, he found himself suddenly on the very edge of a 50-foot cliff. From a far western state a husband and father writes gratefully to tell how the sturdiness of the new Ford "saved the lives of my family" when the car was struck by a hit-and-run driver.

Further tribute to the sturdiness, reliability and general all-around performance of the new Ford is shown in the repeated and growing purchases by Federal and city governments, by police departments, and by large industrial companies which keep definite day-by-day cost

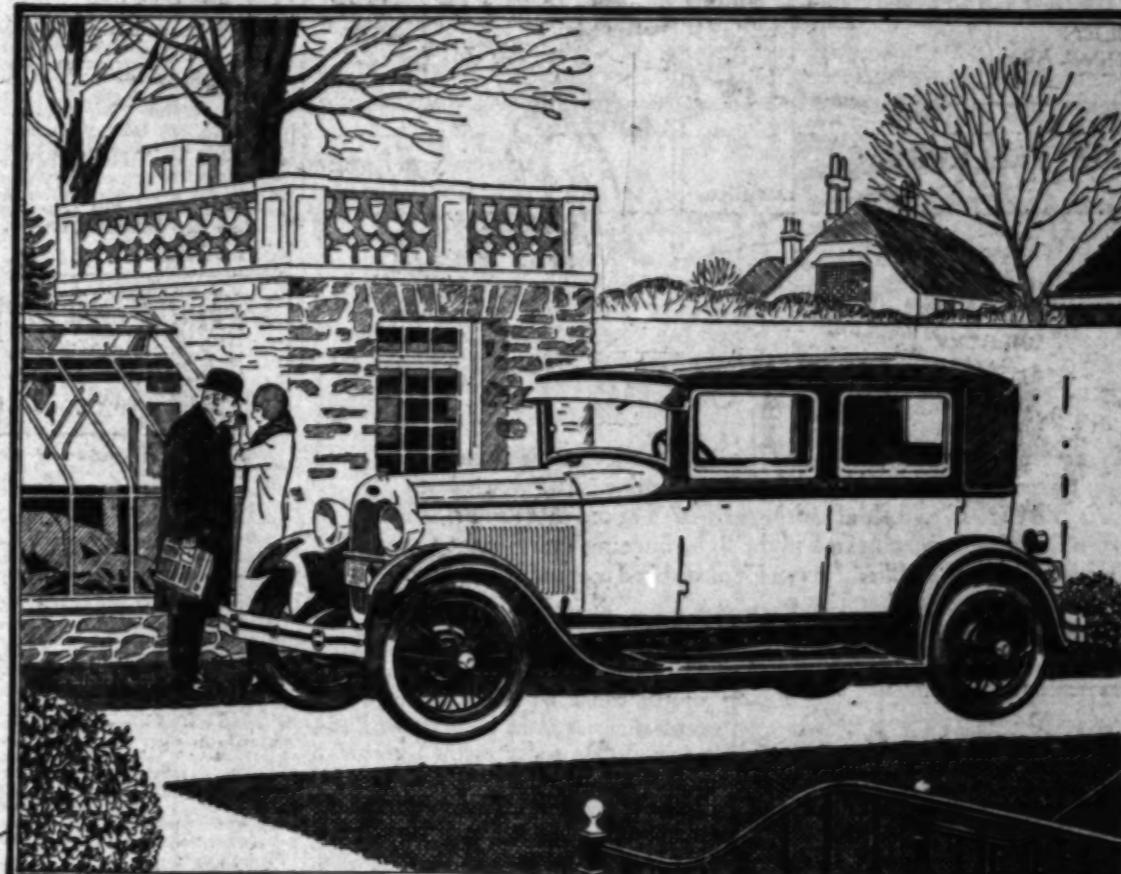

records. The new Ford has been chosen only after exhaustive, competitive tests covering speed, smoothness, acceleration, hill-climbing, oil and gas consumption, safety, comfort, and low up-keep cost.

The reason for such complete and well-rounded performance is found in the fundamental Ford policy of doing business.

A purpose beyond sales or profits

The new Ford was not designed primarily for sales and profits. It goes beyond men and materials. It is the expression of an ideal—an ideal that looks toward bringing the benefits of modern, economical transportation to all the people.

Back of the new Ford are manufacturing and production methods as unusual as the car itself. Without these, it would be impossible to give you the value that is in the new Ford. Because of them, it is unquestionably the best motor car that can be made at a low price without sacrificing quality anywhere along the line.

For the Price of a Shave and a Shine

No matter how well our own razor may function, we occasionally treat ourselves to a professional shave and a shine. And we tip both boots and barber, and think nothing of it. Yet for that same small expenditure we might have a night light burning every night for four months in the hall and save a lot of stubbed toes and stumbling.

Electricity is CHEAP... use more of it

The King, in his Castle, with all his wealth, could not have afforded, a few generations ago, the luxury that Electricity brings today to the humblest home in Central-Southern California. And the magic of it is that the more we use of this modern miracle maker, the less we pay for each of its many and varied services.

Owning by those it serves

Of Interest to Women.

SOCIETY

BY JUANA NEAL LEVY

As a formal expression of welcome to the officers and midshipmen of the French cruiser Edgar Quinet upon the arrival of this training ship in Los Angeles the University of Southern California will join the French Consul for Los Angeles in entertaining the officers at dinner Saturday evening, December 15, in the great hall of the new Student Union Building on the university campus. Invitations to the function in the name of a chapter dinner have been issued by President Von Klemm, American Beauties and an exquisite handkerchief of matching chiffon, a gift from Mrs. Randall. Her twin sister, Mrs. Russell W. Young, assisted as matron of honor, and a brown chiffon and carrying a bouquet of deep yellow birds and lilies of the valley, while Russell W. Young served Mr. Randall as best man. Mrs. Daisy Dunn played the wedding marches, as well as "Oh, Pray for Me" and "Love You Truly and All for You."

Following a reception at the home, which was decorated with bronze and yellow chrysanthemums and dahlias, ferns and roses, and light gold with tall candles, Mrs. Dunn left for the Imperial Valley, after which they will live at 3641 Flower street, Walnut Park.

Mother Honored

In honor of her mother, Mrs. Ellis Wakefield, who recently returned from a visit in the north, Mrs. Elmer Wreden entertained Friday in her home, 409 South Highland avenue, with a beautifully appointed bridge dinner using autumn flowers in gold and yellow, and tall tapers of orange, in decoration. Bidden were Mrs. Herbert Wolfshall, Mrs. John T. Coleman, Mrs. Edward Dale, Mrs. C. H. Anderson, Mrs. Chester Frank Overman, Mrs. Walter Day, Mrs. P. F. Gay, Mrs. William Price, Mrs. George P. Siam, Mrs. W. E. Wreden, Mrs. John Rousellouette, Mrs. W. L. Putman, Mrs. A. E. Smith, Mrs. Earl S. Messer, Mrs. B. S. Wren, Mrs. Ernest Clayton and Miss Beatrice Kemper.

Smart Luncheon

One of the smartest affairs in the calendar for today is the luncheon with which Mrs. L. C. Torrance Jr., 409 South Highland avenue, is entertaining at the Women's Athletic Club in honor of Mrs. Ellis Guthrie, who recently returned from an extended trip east. Fifty guests have been bidden and they will be seated at five tables of ten each, with the decorations in a distinctive scheme of autumn colorings. From pale amber to the deeper bronzes and reds, each will have its own note, completed with matching candles, place cards and favors significant of the Thanksgiving season.

Home Ceremony

With their two daughters, Miss Pamela Kastner and Miss Patricia Kastner, Mr. and Mrs. Lucy William Kastner, formerly of Los Angeles, are now domiciled at 1800 Boulevard Glendale (Nestoria), Paris, France. Mrs. Kastner before her marriage was Miss Priscilla Wilde of Hollywood.

PRACTICAL RECIPES

(Answers to questions and information concerning the preparation and serving of foods will be answered in this column. Write to Mrs. L. Wyman, Laboratory, 412 Arden Avenue, Glendale, Calif.)

CHEF WYMAN'S ANSWERS

POT ROAST

W. Y. S., Los Angeles, Cal.: The roast should be cooked in a heavy pot, either over the fire or in the oven. Heat or fat in your pot first, cut half an onion very fine and when it is slightly browned, place the meat in after and sear thoroughly all over. After the meat has been seared, add half a cupful of hot water, cover tightly and allow to simmer until the meat is tender. Season with salt and paprika when the meat is half-cooked, then add what other vegetables you may like. Remove the meat to a hot platter, place the onions and fat in the gravy, add more water to the gravy and thicken.

TURKEY CHESTNUT DRESSING

Slit the shells on one end and one-half pounds of chestnuts, and steam or boil them until tender, remove the shells, scrape off the brown skin, and force the toughest meats through a meat chopper, then add the tender ones in quarters, mix with the nuts, two cupfuls of mashed potatoes, four tablespoonsfuls of butter and half a cupful of cream. Season with salt and pepper and pour over the dressing. Dried onions may be added in place of the mashed potatoes, simulating the cream and using more butter.

OYSTER DRESSING

One pint of oysters, one quart of fine bread crumbs, four tablespoonsfuls of butter, a seasoning of salt and pepper and one tablespoonful of onion juice and one tablespoonful of chopped parsley, melt the butter and combine it with the bread crumbs, add the seasonings, mix all together, and moisten with two

tablespoonfuls of the oyster liquor, cut the oysters in small pieces and combine with the rest of the ingredients, use the remainder of the oyster liquor heated to taste the turkey with.

SQUASH

M. H. Jr., Los Angeles, Cal.: Two cupfuls of flour, one tablespoonful of baking powder, half a teaspoonful of salt, one cupful of chopped meat, all the time the meat is to be added to the flour, add the salt, finely chopped meat, and enough ice water to make a smooth firm dough. Chill and roll out, cut the apples in quarters, cover with the paste, wet the edges with a little water, add a pinch of salt and sugar with a cupful of water to a syrup made of two cupfuls of sugar and three cupfuls of water to which has been added a few drops lemon juice and the syrup until the sugar is dissolved before dropping in the dumplings.

ORANGE CUSTARD SAUCE

Place in a double boiler one cupful of milk and scald, add to it one tablespoonful of cornstarch that has been diluted with a little cold water, stir until smooth and begin to thicken, add a cupful of cream, stir until light and creamy, add to it a little of the hot mixture then pour the egg yolks slowly into the milk, stirring all the time, just before removing from the fire, add the grated rind of half an orange and one-half a cupful of orange juice.

ALMOND PARTE CAKE

F. M. D., Los Angeles, Cal.: Mix three-quarters of a pound of almond paste, one cupful of sugar, and four whole eggs, and work together until creamy and smooth, add the yolk of one egg, then add to it, stirring all the while, and flavor with the grated rind of one lemon, beat the whites of eight eggs until stiff and dry and add to the mixture, folding in alternately with two cupfuls of flour, add to it a layer of cake that has been chilled and flavored in a moderate oven, when cool, cover with a buttered cream frosting and decorate with halves of almonds.

MINCEMEAT

M. T. M., San Bernardino, Cal.: In the Practical Recipe column November 22, 1928, you will find the mincemeat recipe and hope you will enjoy it as much as many of my other readers have.

GUARDING YOUR CHILD

PLAYING WITH WATER

By Mrs. Agnes Lys

Every child loves to play with water. He can learn a great deal and have intense fun with it while the stage of his interest lasts. The pleasure of playing with water need not be denied, as it usually is, for motives of health and convenience.

Both the kitchen sink and the bath tub are under proper circumstances fine places to use for play. When the child is about to take a bath or a nap, and his clothes are about to be washed, any water is no harm in getting pretty wet just prior to the event. But it is quite possible to keep him dry by fitting him out with a rubber apron. He can readily be taught enough skill and care to keep him from spilling so much water that it will wet his shoes and stockings. Under the conditions even the apartment-house child can have his fill of water play.

In the bath tub his operations can be on a large scale. Here he can learn to swim, to weather storms and shipwrecks. He can fish for his celluloid frogs and fish and turtles. He can pour water in and out of large buckets, thus learning something of motor control necessary in manipulating heavy things in little children's play from them. In this sort of play his imagination and his muscles are equally active.

Standing on a substantial bench or a solid chair at the kitchen sink he can have a different kind of fun. He should have an equivalent aluminum cup of different sizes, shallow pans, soap and a soap-bubble apparatus. The possibilities are inexhaustible; the child will be absorbed for an hour at a time. He loves to pour water endlessly from cup to another. He loves to lift a full can without spilling any. He learns that it takes several small cups to fill a large one. He finds out how to turn the water tap, regulate the streams, and get either hot or cold as he pleases.

When the child's imagination occupies him, we realize that here are opportunities in every home for play as educational as many of the pastimes offered at nursery school and kindergarten.

HONEY ICING

Four tablespoonfuls of honey, the whites of two eggs, cook the honey until a ball is formed when dropped into cold water, pour slowly over the well-beaten whites of the two eggs and whip until cool. Flavor with lemon.

INDIA TEA

Look for the map of India on the back of the label.

INDIA produces the finest flavored tea in all the world and the map of India identifies packages containing India Tea. No tea can bear this map of India on its label, unless it contains more than 50% of the genuine, far-famed India Tea.

The King, in his Castle, with all his wealth, could not have afforded, a few generations ago, the luxury that Electricity brings today to the humblest home in Central-Southern California. And the magic of it is that the more we use of this modern miracle maker, the less we pay for each of its many and varied services.

SOCIETY

BY JUANA NEAL LEVY

As a formal expression of welcome to the officers and midshipmen of the French cruiser Edgar Quinet upon the arrival of this training ship in Los Angeles the University of Southern California will join the French Consul for Los Angeles in entertaining the officers at dinner Saturday evening, December 15, in the great hall of the new Student Union Building on the university campus. In addition to the formalities of a civic dinner, have been issued by President Von Klein-Smid of the university and M. Henri Didot, French Consul, to more than 150 leaders of the French colony of Los Angeles, the French Consul, to the university, to leaders in the civic and social life of Southern California and to representative French musicians, artists, scholars and actors.

Arrangements for the affair are being made by a committee of housewives which includes Mrs. Von Klein-Smid, Mme. Didot, Mr. and Mrs. Wallace Wattles and Mrs. Lucia Macbeth.

The day of the dinner the ship's company will be guests at the Riverside Mission Inn, where a luncheon in their honor will be given by Frank Miller. During the four-day stay in Los Angeles the visitors will be accorded the privilege of visiting the Henry E. Huntington Library, San Gabriel, and the University, Monday, December 17, a visit to motion-picture studios has been planned.

Commanded by Capt. de Vaissie Darian, the complement of the Edouard VII, the ship has 114 officers, 114 student officers who have recently received commissions as ensigns, and 725 enlisted men. Los Angeles will be the first city in the United States to be visited. San Francisco and San Diego being the only two other American ports of call on the six-months' training cruise.

Scenic Luncheon

One of the smartest affairs in the calendar for today is the luncheon with which Mrs. L. C. Torrance, Jr., of 401 South Las Palmas avenue, is entertaining at the Woman's Athletic Club in honor of Mrs. Elmer Guthrie, who recently returned from an extended trip east. Fifty guests will have five tables of ten covers each, which will be decorated in a distinctive scheme of autumn colorings. From pale amber to the deeper bronzes and reds, each will have its own note, completed with matching candlesticks, plates, favors significant of the Thanksgiving season.

Home Ceremony

Mr. and Mrs. Rowlands, daughter of Mr. and Mrs. Charles H. Rowlands of 941 North Cheviot Avenue, and formerly of Columbus, O., was mar-

ried yesterday afternoon at the home of her parents to Paul Milton Randall of Los Angeles. Mr. and Mrs. Randall, formerly of Chicago, Dr. William Hoover, president of La Verne College, who also married Mr. and Mrs. Rowlands, officiated. Only the immediate family and a close friend were in attendance at the bridegroom's recent death of the bridegroom's father, Frank T. Randall.

Given in marriage by her father, the bride was loved in her home town of Killarney, Mass., lilies of the valley and American Beauties and an exquisite handkerchief of matching chiffon, a gift from Mrs. Randall. Her twin sister, Mrs. Paul W. Young, and her mother, Mrs. Henry Young, were in attendance. The bridegroom, in brown chiffon and carrying a bouquet of deep yellow rose buds and lilies of the valley, while Russell W. Young served Mr. and Mrs. Randall at the wedding march, as well as "Oh, Promise Me," "I Love You Truly" and "All for You."

Following a reception at the home, which was decorated with bright yellow chrysanthemums and dahlias, the bride and groom lighted only with tall candles, Mr. and Mrs. Randall left for a trip through the Imperial Valley, after which they will live at 2641 Flower street, Walnut Park.

Mother Honored

In honor of her mother, Mrs. Elmer Wakefield, who recently returned from a visit in the north, Mrs. Elmer Wreden, entertained guests in her home, 400 South Highland avenue, with a beautiful appointed bridge luncheon, using autumn flowers in gold and yellow, and tall tapers of orange, in decoration. Bidders were Mrs. Herbert Wreden, Mrs. John C. Compton, Mrs. Edward D. Dill, Mrs. C. H. Wreden, Mrs. Chester Wals, Mrs. Frank Overmire, Mrs. Walter Day, Mrs. F. F. Gay, Mrs. William Price, Mrs. George P. Slan, Mrs. W. R. Wreden, Mrs. John Bousquet, Mrs. F. S. Wazson, Mrs. Earl S. Messer, Mrs. B. S. Wazson, Mrs. Ernest Clayton and Miss Bess Kemper.

Eastern Christmas

Mr. and Mrs. Franklin H. Doonan of 918 South Ardmore avenue left Sunday for New York, where they will attend the Army-Stanford game, going later to Montreal and then to St. Louis, where they will pass Christmas with Mrs. Doonan's family. They will return to Los Angeles about January 1.

In France

With their two daughters, Miss Pamela Kastner and Miss Priscilla Wille, Mrs. Elmer Kastner, formerly of Los Angeles, now residing at 32 Boulevard d'Inkermann (Neuilly), Paris, France, Mrs. Kastner before her marriage was Miss Priscilla Wille of Holywood.

Attend Game

Miss Alice Days and Miss Majorie

Wilson, members of the Alpha Chi Omega Sorority of the University of California at Los Angeles, traveled north over the week-end to attend the Stanford-California football game. While in the north they visited friends at Mills College, and entertained at Stanford and the University of California.

Mrs. Lois Coops and Miss Kalle Lou Crawford, also members of that sorority, made the trip by motor and were entertained at the chapter house in Berkeley.

**Two Improvement
Ordinances Passed**

The final ordinance for the improvement of La Brea avenue is to be voted on November 29.

The final ordinance was adopted by the Council. At the same

time, the final ordinance was

adopted for the improvement of Woodrow Wilson Drive at Mulholland High Way, the Soto street and Lugo street improvement districts, and the improvement of Warner Drive between Fairfax and Eulalia boulevard.

Plane Service Station Chain Being Formed

The Aeromotive Engineering Company of America intends to establish a nation-wide chain of plane service stations, according to a letter sent yesterday by W. L. Shaffer, its general manager, to Clifford W. Henderson, airport director of the City of Los Angeles, in which a proposal is made for the construction of such a station at Mines Field.

The company's service station, ac-

cording to the letter, will operate

not only a complete aero repair shop

but also will provide facilities for

the maintenance, construction of

equipment, provide a supply of ex-

tra motors and spare parts, pro-

vide a fleet of trucks and trailers

and cranes to remove disabled

planes from the flying area of the

area, will conduct and report on

test flights, performance tests and

industrial tests on aircraft and en-

gines.

**Why Folks
Grow Fat
It's easy to avoid**

Modern science has found a great cause

of excess fat. It lies in a deficient diet

which largely controls nutrition. When it is weak, too much food goes to fat, too little to fuel and energy.

Since this discovery, physicians the

world over have changed their treatments

of obesity. Instead of starvation and over-work they strive to correct the cause.

You can see the results wherever you

look. For two decades, fat has been fast

disappearing. Now most people know that abnormal figures are an abnormal condition.

Marmola prescription tablets are

based on this discovery. They were

perfected by a famous medical laboratory which

specializes in gland treatments. People have

used them for 21 years—millions of boxes

of them—and the use has proved, how Marmola

is bringing to multitudes new youth

and beauty, new health and vigor. Most

of you have friends who know how much

Marmola means.

Marmola is not secret. Its factors are

employed by most modern physicians.

Each box contains the formula, also

the prescription. You will see why

your weight comes down and new

beauty appears. No starvation is required.

Simply take four tablets daily until weight

comes down to normal.

Try this method. Do it now. You own

that to yourself. Watch what the first box

does. You cannot afford to delay.

Marmola prescription tablets are

and by all druggists \$1 a box.

Any druggist who is out will order

from his jobber.

MYSTERY FIRE STIRS INQUIRY

Former Suspect in Murder Case Bodily Burned

Bomb or Still Explosion Held Responsible

Home Destroyed by Flames; Occupants Gone

The Sheriff's office and the fire department bureaus of investigation both are investigating a mysterious fire which destroyed a house at Telfaire and Filmore streets, Pacoima, yesterday morning and in which Rocco Gravino, who was arrested several months ago in connection with the murder of Augie Palumbo, was burned, probably fatally. Although they have no definite clues, the investigators are proceeding on the theory that the fire was the result either of a bomb explosion or of the explosion of a still.

Gravino, asserted by the police to be a former Chicago gunman at the time of his arrest in connection with the murder of the local bootlegger, told the investigators that he had been employed as the caretaker of the house and that the occupants were a Mr. and Mrs. A. Martino. There was a report throughout the San Fernando Valley yesterday that Mr. and Mrs. Martino had been burned to death and that had not yet been officially confirmed but Gravino said they had been left on a week-end trip last Friday without telling him their destination.

He asserted he had no idea of the cause of the fire, saying he had fallen asleep with his clothes on and awakened suddenly to find the house a mass of flames. He dashed through the flames on to the lawn but his clothes caught fire. By pulling on the lawn he extinguished the blaze but died before he had been severely burned.

The alarm was turned in by Archie Woods of 128 Alexandria street, who was driving by. By the time the fire fighters arrived the house, valued at \$15,000, was totally destroyed. Gravino was taken to the San Fernando Health Center for emergency treatment and later removed to the General Hospital.

Gravino was one of five men picked up by the police at the time of Palumbo's murder. All were released. Gravino is still under bond on a vagrancy charge.

Alabama Sends Cypress Tree to Botanic Garden

Making the thirty-second tree from different States of the Union, a bald cypress for Alabama yesterday became a member of the official family of the Forest of Fame in the California Botanic Gardens. Miss Lois Wilson, motion-picture actress, has been appointed by Gov. Graves of Alabama to act as sponsor for the new member, and she was there to turn the first spadeful of earth about its roots.

Marie Lay of Santa Monica gave a brief dedicatory address and about twenty-five former Alabamians were present for the ceremonies. E. L. (Chick) Hannon, former Alabama football star, and Peyton H. Moore assisted with the arrangements.

This cypress tree, which is native to Southern Alabama, was sent by the State to have a place in the garden. It is the forty-fourth tree to be planted in the Forest of Fame.

ANOTHER LIST OF TAX LIENS FILED BY WELCH

Another list of income-tax liens was filed in United States District Court yesterday by Collector of Internal Revenue Welch. Among those mentioned were the El Caballero Club, the El Rancho Club, 9298 Hollywood Boulevard, 1227, 9327851; Elton Fair, Beverly Hills, 1927, 911181.

AQUEDUCT JOBS SURVEYED

Civil Service Officials Back After Trip That Took Them Into Snow and Zero Weather

First hand information on the various jobs connected with the Los Angeles Aqueduct, from the city to eleven members of the civil service from a four-day trip under direction of Otto Whittaker, of the Water and Power Department.

Heads of the civil service department, including Clifford Amerson, general engineer; Robert Park, chief examiner, and Olem G. Green, visit secretary of the commission, with eight civil service examiners were in the party, which found deep snow and zero weather in the higher altitudes.

However, in civil service examinations of aqueduct and power plant jobs, the examiners obtained their information second hand, from the Water and Power Department.

The party visited the river power plant, San Fernando reservoir and power plant; Pasadena reservoir and power plant, the St. Francis Dam, Power Plant No. 1, Fairmount reservoir,

1196 HIGH LIGHTS IN HISTORY

THE ANCIENT GREEKS AND ROMANS WROTE UPON PAPYRUS MADE FROM THE STALK OF THE EGYPTIAN PAPYRUS PLANT. GREEK AND ROMAN SCHOOLBOYS WROTE THEIR LESSONS ON BLOCKS OF WOOD THAT HAD BEEN OILED AND SCRATCHED. THEY SCRATCHED THE LETTERS IN THE WAX WITH THE POINT OF THE STYLUS. WHEN THEY WANTED TO ERASE A WORD THEY SMOOTHED OUT THE WAX WITH THE BLUNT END OF THE STYLUS.

PAPYRUS WAS USED AS A WRITING MATERIAL IN EUROPE UNTIL THE 7TH CENTURY. WHEN THE MOHAMMEDANS CAPTURED EGYPT, THEY TOOK OFF EUROPE'S PAPYRUS SUPPLY. FROM THAT TIME ON EUROPEAN SCRIBES HAD TO USE PARCHMENT. PARCHMENT WAS TERRIBLY EXPENSIVE. AS IT WAS MADE FROM THE SKIN OF LAMBS.

The Story of American Industry. Paper Making—Part Two.

LATE IN THE FIRST CENTURY, A.D., A CHINESE GENIUS, WHOSE NAME, UNFORTUNATELY, IS LOST TO HISTORY, DISCOVERED A WAY TO MAKE AN EFFECTIVE WRITING MATERIAL BY PRESSING CLOTH FIBERS TOGETHER TO FORM A SOLID SHEET. IT WAS HUNDREDS OF YEARS BEFORE THE NEWS OF THIS REMARKABLE INVENTION REACHED EUROPE.

by J. CARROLL MANSFIELD

THE ARABANS, OR SARACENS, WERE THE FIRST TO LEARN THE PROCESS FROM THE CHINESE. THEN IN THE 5TH CENTURY, WHEN THE SARACENS CAPTURED NEARLY ALL OF SPAIN, THEY PASSED THE KNOWLEDGE ALONG TO THE PEOPLE OF EUROPE. THE EUROPEANS USED TO WRITING ON PAPYRUS, CALLED THIS NEW PRODUCT "PAPER," A WORD DERIVED FROM "PAPYRUS". TOMORROW—PAPER MAKING (CONTINUED)

RECREATION FIGURES SOAR

City's Service Attracts 26,071,076 in Year, 75 Percent Gain Setting New Record

Los Angeles made a remarkable new record in supervised recreation when 26,071,076 persons availed themselves of recreational services directed by the city's playground and recreation department in the fiscal year ending July 1, 1928, according to compilations just made by the department. This represents almost a 75-per cent increase over the preceding fiscal year's total, attributable not only to population increase but to a considerable augmenting of the city's recreational facilities.

Expansion plans in the present fiscal year indicate a substantially greater total than the last one.

Efforts are being made to have the Playgrounds Recreation Association of America meet here in 1932.

ATTENDANCE AT BEACHES

Attendance at the municipal beaches during the twelve months for which statistics now are available came to 17,811,971 in the previous year and by far exceeding that of any other municipally supervised recreation.

What the city's playgrounds mean to the children of Los Angeles is indicated by the fact that attendance there was 8,013,714 during the year specified, about double the number of the preceding year. The installing of new playground equipment will increase this total materially.

The activities of the department's music division, such as the furthering of municipal musical entertainment, harmonica bands and the like, attracted participation and attendance of 715,521 persons not included in the playground attendance.

In the preceding year, the total was 600,000.

SWIMMING POOL TOTAL

The swimming pools attracted an attendance of 367,523, about one-third more than in the previous year. Additional swimming pools are expected to increase last year's attendance.

Municipal sports, including baseball leagues and other athletic activities, had the participation and attendance of 150,237, approximately seven times more than was the case the year before.

There were 57,488 at the recreation

center.

COUNTERFEITING CASE SUSPECT IN CUSTODY

Frank Taylor, 24 years of age, was arrested yesterday by secret-service agents on a charge of making 25-cent pieces. He is said to have made the coins from a mold at his place on Riverside Drive.

The secret-service agents stated that he had only passed four of the coins.

He will be arraigned today before United States Commissioner Head.

TOLSTOY'S BIRTHDAY OBSERVED

Russian Artists Will be Program Feature Tonight at Bovard Auditorium

In celebration of the 100th anniversary of the birth of Leo Tolstoy, Russian author and world-peace advocate, Southern California Russian organizations are co-operating with the department of Slavic studies and the college of liberal arts of the University of Southern California in presenting a Russian program in Bovard Auditorium of the university at 8:30 p.m. today.

Alexander Kosloff, pianist, Vasily Grinakovsky, Russian baritone, and Prof. Samuel Urediti, "cello virtuoso from Russia," will be featured artists on the program. The Moscow Balalaika Ensemble will play on unique Russian instruments.

A dramatic interpretation of

seventeenth-century Tolstoy

tales will be given by Miss Vera Tsvetkina, who sang in Los Angeles Grand Opera Association programs this year, will again sing operatic roles. Mme. Xenia Yakovlev will do a Slavic dance in costume. Other singers and dancers will appear in costume in this sketch.

Karl T. Waugh, dean of the college of liberal arts of the university, will deliver the address in appreciation of Tolstoy. Prof. Boris Morozov, director of the department of Slavic studies, will speak on "The Tolstoy Centenary." Walter Peck, student president of the college of liberal arts, has general charge of the program and will give the address of welcome.

Countess and Countess Ilya Tolstoy

and Prince and Princess Alexander V. Golitsin are among the individual sponsors of the program, which will be the Southland's part in the international celebration of Tolstoy's anniversary. The count is the eldest son of Tolstoy. The countess is invited to the Tolstoy Society of London to sponsor the Southern California fete. The public is invited to the event, admission being free.

MAN JAILED AS KIDNAPER IN GIRL CASE

Father Causes Arrest of Youth Following Search of Several Weeks

Jack Shubin, 21 years of age, of 1801 West Adams street, yesterday was under arrest in the County Jail on charges of kidnapping, following his arrest by M. J. Collins, father of Mildred Collins, 13, of 907 South 9th street, Bell. Shubin, according to a statement made by Collins after he had turned the youth over to Deputy Sheriff Davidson, has been living with the Collins at 1801 West Adams since his disappearance two months ago, in company with another girl and youth.

Two weeks ago, according to Collins, the girl telephoned to her mother, asking her to come and get the boy. She did, according to Collins, and the girl was then taken to the police station, and police and deputy sheriffs were unable to find her.

The father, however, continued the search, which was ended when he found Shubin and demanded that he produce the girl.

Film Litigants Lose New Action

When the defendants, Mae Murray, film actress, and Jack Donavan, also of the films, failed to make their appearances in the court of Superior Judge Guerin yesterday and are unable to pay alimony to Mrs. Alice E. Carson, his first wife, Carson had paid her nothing for many months and now has a second wife to support.

Under the questioning of his attorney, Griffith Jones, he told a pathetic story of his failure in life.

"I can't find work," he said.

Carson then went on to tell how he had tried to take pictures of the photogravures to their owners.

"I tried it," he went on, "but I couldn't sell it. I was so nervous my hands shook and I couldn't

get it sold to any paper."

Judge Rosenkrantz said he could

not send Carson to jail.

"I'll simply admonish him to try

and do better and meet his obligations to his first wife," said the judge.

A meeting of the Masonic Dodge

will be held on Thursday night in the hall.—New Zealand paper.

NEWS OF SOUTHERN COUNTIES

ALIEN LAND LAW BASIS OF PROBE

Ownership of Ranches Being Determined

San Diego Grand Jury in Investigation

Japanese Gardeners Subpoenaed as Witnesses

SAN DIEGO, Nov. 26.—The alien forms the major item in the county grand jury's list of "unfinished business" has caused more than 100 subpoenas to issue from the District Attorney's office for serving on Japanese colonists, it was rumored today on the eve of another session of the grand jury.

The grand jurors have been called to the county building at 10 a.m. to assemble in their chamber at the county building tomorrow morning at 10 o'clock. It was ascertained.

The session may be the most protracted yet held by the 1935 grand jury and is believed to be concerned principally with the question of land ownership in this county by aliens.

If this is true the rumor that the grand jury had expected to ask for discharge within two weeks, may be without foundation. Investigation of the office last week that the work of the inquisitorial body was about completed and that the final report probably would be submitted within two weeks. The alien land ownership question, however, before the grand jury more than six weeks and most of the problem may have been settled.

Actual questioning of aliens is expected to end the probe and determine who is alien. The title to exactly 156 ranches, most of them situated in San Diego's most fertile valleys is at the root of the investigation. The theory on which the probe opened was the Japanese colonists had retained possession of most of the 156 ranches under various technical evasions of the law.

The alien land law of the State expressly prohibits either vesting of title or lease or property of aliens in Japanese hands. This is the interpretation placed on the legislative act by E. I. Kendall, deputy District Attorney, acting as adviser to the inquirers on the matter.

Japanese colonists evade the letter of the law by pretending to be "farmers" merely, in the employ of the actual owners, the investigation has appeared to reveal. The actual owners may or may not be American-born individuals of Japanese extraction.

The investigation is being directed to ascertain actual ownership.

Sheriff James E. Bryer with a corps of special deputies, ended his part of the investigation several days ago and immediately submitted a report to the District Attorney, he reiterated today. He was questioned and said so far as his office is concerned, the investigation is ended. O. C. McDaniel, San Diego's Federal and State Law Bureau, the Sheriff's deputies in charge directly of the probe, the Sheriff announced some time ago to the Board of Supervisors, in speaking of funds to be devoted to the work.

At least 600 acres of valuable land are contained in the ranches under investigation, the Sheriff stated.

Explosion, Fire Destroy Home at San Diego

SAN DIEGO, Nov. 26.—Awakened by an explosion which shot sheets of flame through a two-story home at 1025 Meado street early today, three women and an elderly man fled to the street as flames devoured the structure, causing damages estimated at \$30,000.

Edward C. Smith, 25 years of age, and his five-year-old son, the owner of the sixteen-room home, he was sleeping upstairs when the flames broke out shortly after 5 a.m.

Adeline and Florence Seibold, house guests, and Hazel Story, a maid, were sleeping when the explosion occurred. They fled to safety.

So rapid was the spread of the fire throughout the house that when firemen arrived the home was entirely surrounded.

Firemen believe that a hot water heater on the rear porch exploded, causing the fire. No cause for the explosion could be determined.

Firemen had difficulty in keeping the flames from spreading to nearby homes.

The aged owner was the only occupant who saw any personal effects. He grabbed a pair of trousers and his street shoes when he fled from the burning home.

PREVENT BRUSH FIRE IN TOPANGA CANYON

SANTA MONICA, Nov. 26.—Strenuous efforts by firemen from the Sawtelle station and the county forestry department prevented flames from two houses at the mouth of Topanga Canyon from starting a serious brush fire late last night. The explosion of a gasoline lamp caused the fire which consumed the campsite of Fred E. A. McDole, 125 South Grand avenue, Pasadena, and K. E. Hooper, with a loss estimated at \$3500. The buildings were located just inside the opening of the canyon near the coast road, and a one-inch thick brush on the mountain slopes was threatened with a repetition of the fire which destroyed nine houses and cabins last week at Las Flores Canyon, four miles farther up the coast.

Silver Peak Guest Ranch now receives Thanksgiving dinner reservations. Phone Pomona Suburban 5-2000. (Advertisement.)

EPIDEMIC HALTS JUSTICE

Influenza Cases Cause Postponement of Trials in Court at Santa Ana

SANTA ANA, Nov. 26.—The influenza epidemic is clogging the wheels of justice it was seen today, as two criminal trials, scheduled in Superior Court, were laid aside.

A. C. Thomas, charged with possession of liquor and prior conviction of such offense, found his case postponed to December 18, because of the illness of Deputy Sheriff E. Jenison. Santa Ana, who was selected as the witness against him.

Mr. Amelio Melo of Costa Mesa, charged with driving an automobile while under the influence of liquor, was too ill to appear in court. His case was dismissed, however, on motion of deputy District Attorney Sam C. Collier, who announced that the witness had pleaded guilty to recklessness driving, and had paid a fine of \$250 in Justice K. E. Morrison's court.

Mrs. George Shiflet of Orange, charged with driving a fraudulent check for \$150 at the First National Bank of Santa Ana, was so ill with influenza that she could not stand in court, but had to remain in her seat as the court conducted her arraignment. She pleaded not guilty, about three weeks, the county department reported today.

Garden Grove schools were closed today, following the example of La Habra, Fullerton and Placentia, where the grade and Fullerton high schools were closed yesterday.

Dr. K. H. Sutherland, county health officer, today renewed his urgent appeal to the public to use care in every day affairs to keep those attacked by influenza from coming into contact with those about them.

SON FINDS MOTHER SLAIN

Bakersfield Woman Killed and Body Stuffed Into Closet After Criminal Attack

BAKERSFIELD, Nov. 26. (AP)—Mrs. Paul C. Hunnicutt, 45 years of age, was found strangled to death at her home here tonight. The body, which had been stuffed into a closet, fell out into her son's arms when he opened the door in seeking his mother. Physicians who examined the body later estimated that she was murdered about 3:30 today after being criminally assaulted.

Mrs. Hunnicutt was last seen alive about 3 o'clock this afternoon, of friends learned. One of her sons, Charles Hunnicutt, returned home this evening and finding the house in confusion, began searching for his mother. Opening a closet door he was met by the body of his mother falling into his arms.

Charles Hunnicutt had been found up to late tonight. Mrs. Hunnicutt was separated from her husband, who is an oil driller at Olida. Her three sons, Ralph, Charles and Ray, also are employed in the oil fields.

OPERATION PERFORMED IN CLOUDS

San Diego Surgeon Takes Out Woman's Appendix to Test Airplane Surgery

SAN DIEGO, Nov. 26. (AP)—The performing of a successful operation for appendicitis in an airplane to demonstrate the possibility of such surgical work in war time or in other cases of emergency or stress, became known here today. The operation was performed on the 12th inst., celebrated as Armistice Day, over a local airport by a local surgeon, whose name has been refused to newspapers but it is declared that he was test pilot for the Air Force in the beginning publicity.

The patient was a woman of the city, who consented to the operation under such unusual circumstances, it was said when its purpose was explained to her.

Two expert pilots took up the mission, nurse and patient for the unusual flight and took extreme care to keep the big plane "on even keel" lest there be any sudden lurch. It was reported today that the plane, which is a large commercial one, was in the air about an hour. The patient, it was said today, has fully recovered.

RESENTS SUPPOSED INSULT WITH GUN

SAWTILLE, Nov. 26.—Antonio Romeo, young Sausalito Mexican, was arrested and charged with assault with a deadly weapon last night, after he had assertedly pressed a .38-caliber automatic against the glass of a door while he was being chased by his patronage of a soft-drink establishment at Sawtelle Boulevard and Massachusetts avenue, according to a police report.

J. A. Davis, former police officer, reported police, who had told Romeo he had told his wife, "You're a son of a b----," because he was being chased by his patronage of a soft-drink establishment at Sawtelle Boulevard and Massachusetts avenue, according to a police report.

Glendale, Nov. 26.—After being overturned in a collision at Wilshire and Verdugo Roads last night, the car driven by Glen Owens, 300 Carlton street, Pasadena, skidded on its side for ninety feet and rammed into a concrete wall on the corner of Verdugo and 300 Carlton. The car captain, Norman Rice, Miss Ethlyn Brown, Miss Geraldine Stevens, and Max Temple, all of Pasadena, but the only one who was hurt was Miss Brown, who suffered from shock and internal complications of a pain in the side. She was removed to a hospital at 1041 Summit street Pasadena. The other car, driven by H. Arden, 329 Live Oak Avenue, Sierra Madre, also turned over, and Mrs. Arden, who was riding with her husband, was slightly injured on her side.
